## BOOK SYNOPSIS

Created by an origami master, these 23 models offer a menagerie of easy-to-fold animals. Figures include birds—a cardinal, parrot, bald eagle, and cranes—and a fox, pig, hippo, elephant, lion, and others. Diagrams illustrate every step of the folding process, and full-color pictures depict the completed models. Internationally renowned author John Montroll has significantly increased the origami repertoire with his original designs. Best known as the inspiration behind the single-square, no-cuts, no-glue approach, the American origami expert offers readers meticulously developed folding sequences that allow them to create better models with fewer steps.
