BOOK SYNOPSIS

Author Paul Rodney Turner the "food yogi" takes you on a journey of rediscovering food and its importance in our spiritual evolution. FOOD YOGA not only offers practical guidance on how to live a healthy and happy life by reconnecting with nature, but also introduces the reader to the power of food as a uniter and a medium for expressing our love for the divine. Food yoga springs from the belief that the kind of food we eat affects our consciousness and subsequent behaviours. All the worlds great spiritual traditions have elaborate food offering rituals carefully designed to expand consciousness and all use food as a means to represent or please the Divine and to expand the consciousness of their followers. Food yoga is, in essence, a discipline that honors all spiritual paths by embracing their core teaching - that food in its most pure form is divine and therefore an excellent medium for spiritual purification.
