BOOK SYNOPSIS

Murder, mayhem and magic... Locked in a coffin-like darkness, there is nothing to distract me from my memories of killing Reyad. He deserved to die—but according to the law, so do I. Here in Ixia, the punishment for murder is death. And now I wait for the hangmans noose. But the same law that condemns me may also save me. Ixias food taster—chosen to ensure that the Commanders food is not poisoned—has died. And by law, the next prisoner who is scheduled to be executed—me—must be offered the position.
