BOOK SYNOPSIS

"Could you survive a week in a haunted house?" Mara is the daughter of spiritualists. Her childhood was filled with seances, scam mediums and talk of ghostly presences. When Mara finally left her familys home, she vowed she would never allow superstition or false religion into her life again. Now shes ready to start over with her fiance, Neil, in a world based on rationality and facts. But her past isnt ready to let her go just yet. Mara and Neil purchase Blackwood House, a derelict property outside of town. Theyre warned about strange occurrences in the crumbling building. Doors open by themselves, voices whisper in the night, bloody handprints appear on the walls, and cold spots linger in the basement, where the houses original owner was murdered. But Blackwood was dirt-cheap and came with a large plot of overgrown land. Mara loves her new home, and disregards the warnings. Because ghosts arent real... ..are they?"
