BOOK SYNOPSIS

The Sword of Truth series follows Richard Cypher, a young woodsman intent on tracking down his father's murderer. His quest will take him far from home, embroiling him in an ancient war, three-millennia past, that is about to re-ignite with world-shattering violence. Weary of bloodletting and the incessant infighting and intriguing of his allies, Richard realizes that he can't defeat the Imperial Order by military might alone. Instead, he will embark on a course of action that will leave his people feeling betrayed and vulnerable, and which will take both he and Kahlan away from the protection of the DHaran armies. But he has little choice. Richard, who distrusts prophecy more than anyone, has had a vision. A vision he is compelled to follow, a vision that will separate him from Kahlan, a vision that will take him deep into the Old World and into the heart of the Imperial Order.
